

Dear Parents,

This year we will be using **Edmodo** in schools throughout the Pascagoula School District.

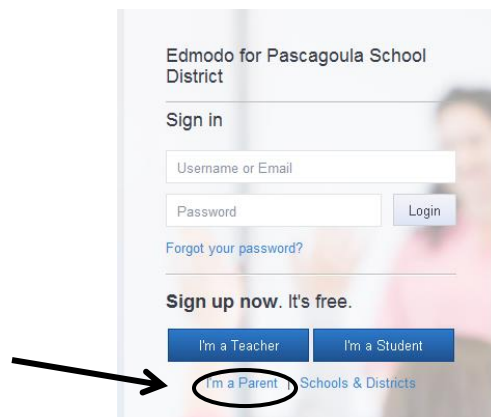

Edmodo is a free and secure learning network for teachers, students, and schools. It provides a safe way for us to connect, share content, access homework, participate in discussions and receive class information.

Edmodo is accessible online and through any mobile device with internet capabilities – including free apps for iPhone, iPad, iPod touch and Android devices. Students can access their account from any mobile device or computer, and set up notifications within Edmodo to receive alerts/reminders via text or e-mail.

Our district's Edmodo page can be reached at – <http://pascagoula.edmodo.com/>

Parent accounts on Edmodo are a great way to stay informed of your child's classroom activities, assignments, grades and school events.

Before you can create a parent account, you must retrieve your **parent code** from your child's Edmodo account (located on the right panel of their homepage) or from your child's teacher.

We look forward to a great year as we incorporate the use of technology into our classrooms' curriculum.

Thank you,

PSD
